OPEN MEETING AGENDA ITEM

Proposed Water Rate Increase

8/17/2010

To: Kristin K. Mayes, Gary Pierce, Paul Newman, Sandra D. Kennedy, Bob Stump

From: Ray Cook

38111 W. Padilla St

Maricopa, AZ 85138

Issue: Global water rate increase

I am a 66 year old unemployed person living on Social Security. Like many I lost my job at a bank due to down sizing in 2007, as the housing crisis occurred. My wife and I have looked for employment with no success. As a result the proposed water rate increases by Global Water will have a significant effect on our cost of living. Both our individual rate increase on our own monthly water expenses in our home, but the necessary increases that will take place in our HOA dues to cover there increase in expense.. We would hope that common sense would be applied to any rate increase. Right now inflation is not a factor in our economy, so why the rate increases???? Perhaps if Global can't manage their business properly they should sell out to another company that can manage a budget. We cannot afford huge rate increases in water expense. We would have to sell our home, even though it is paid for, and move on. That is not what we want to do. Please keep us in mind when you deliberate any change.

Thank You,
Ray & Christa Cook

To whom it may concern,

From a Family man w/a wife and 3 kids, we are already struggling with our HOA of \$80 and Avg Water Bill of \$90, please do not allow Global Water to have its rate hikes approved.

Respectfully,

Nathaniel Trent

Subject: docket numbers (09-0079 or 09-0080): City of Maricopa

Hello Commissioners,

I am a registered voter and my name is Shalom Gindiri and I am emailing you to ask for your help in stopping Global Water from increasing our water rates. We already pay more money than many other cities here in Arizona, there seems no end to the amount of fleecing Global Water wants to do to the citizens of Maricopa. In this type of economy where people are struggling to simply survive, this type of move is ruthless. Please help us, and stop Global Water's increases! Thank you!

Shalom Gindiri

"Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things" (Phil. 4:8).

Subject: City of Maricopa Global Water Increase

Docket numbers: 09-0079 or 09-0080

Dear Sir or Madame:

My name is Meghan Pemberton and I am writing in regard to the proposed rate increase of Global Water for the city of Maricopa and surrounding areas which you are slated to review next week.

I have been a resident of Maricopa for the past five years, and in that time have seen substantial increases in my HOA dues and water bill due to the astronomical rates currently charged by Global Water. If the increase that Global Water is proposing is passed, I will see a dramatic increase in both of those bills. This increase will quite possibly force me to leave Maricopa as it will become too expensive for me to reside here.

Please do not grant this increase! Doing so will have an enormous negative impact on both the city and residents of Maricopa.

Thank you for your time.

Sincerely,

Meghan Pemberton

Subject: docket numbers (09-0079 or 09-0080): City of Maricopa

Dear Mr. and Mrs Commissioners,

This note is in regards to docket numbers (09-0079 or 09-0080): City of Maricopa

My name is Jeshuwa. I am a resident of and a registered voter in the city of Maricopa. As I listened to Hear and Now on KJZZ two weeks ago, I listened to the various candidates both republican and democrats explain why they should be voted onto the corporation commission. I listened with keen interest and called into the show to make my comments and ask questions. If any of you were listing I was the last caller on the air.

I want you to know that as I make my decision at the ballot box this up coming election, I have you guys in the forefront of my mind concerning approval of rates for Global. Since the existing corporation commission has postponed the vote to approve the rates until after election time, I already know whom I will be voting against. I believe the postponement has been done deliberately so an unpalatable decision favoring Global to the

detriment of the residents of Maricopa may be meted out without voter disapproval being expressed at the ballot box.

I know who the existing members of the corporation commission are and I know the ones up for re-election. I will be looking at which members vote for the outrageous rates Global is trying to exact from the residents of Maricopa and I will keep those members in mind at election time.

I am not begging you to stop Global from increasing our water rates, I am insisting that you stop them from fleecing the resident of Maricopa. Residents of Maricopa already pay more for water and sewer than many other cities in Arizona. For once, you members of the commission need to stand up and protect the interest of small people against the Goliaths in this state.

Thank you.

Subject: Global Water

Dear Paul Newman,

With the price of our homes going down and the economy is in a bad shape the increase in Global water fees will impact our community and many of us will not be able to afford to pay the water bill. If this increase is granted to Global water it will have a devastating effect on Maricopa community and its residence.

Please deny Global water their water increase for the sake of this community because also our Home association will also increase drastically.
